My very dear Kathleen Parlow:

I want to tell you again what a rare and wonderful treat the chamber music on Sunday evening was. It is taking its place in my little store of imperishable memories. Many, many thanks for letting me be there.

The party afterwards was an inspiration. And what a happy and successful party! Congratulations on it as well as on the glorious music.

It was a joy to see your mother. I do hope she was not

Too exhausted by all the excitement.

Ivan wants to add her voice
to mine in thanking you for every-
thing.

Very sincerely yours,

Dorothy Hill
